How to Approach Unit 6 Assignment 2 – Part B

©THECOMPUTINGTUTOR

How your Assignments are assessed.

Each assignment is made up of Tasks.

You have Pass Tasks, Merit Tasks and Distinction Tasks.

You must complete **ALL** pass tasks to achieve a **Pass**.

You must complete **ALL** merit tasks to achieve a **Merit**.

You must complete **ALL** distinction tasks to achieve a **Distinction**.

How your Assignments are assessed.

If you do not complete all PASS tasks, you have **NOT PASSED** the Assignment.

If you complete all PASS tasks, but do not complete all MERIT tasks you have **PASSED** the assignment.

If you complete **most** PASS tasks, and **all** MERIT and **all** DISTINCTION tasks, you have **NOT PASSED** the unit.

You will get a single resubmission attempt to improve your mark.

B.P2 Tasks - 1

In this task you are required to **design** a website

The website will need a scenario

One will be given to you in your Assignment brief

B.P2 Tasks - 1

 You are creating a web site for a web development company including:

 A profile of the company itself

 Profiles of existing trainee web developers

 Job specifications and required qualifications

 An on-line application form

 Links to web development courses

B.P2 Tasks - 2

For this assignment you will also need:

A client – the person who wants the website

Some users – people who will end up using it!

These people will need to review your designs and give you feedback

If you can work together in teams this would be useful!

B.P2 Initial Design Tasks 1

You will need to:

Get a full client brief

Identify the problem

List the things your website will need to do (interactivity)

Identify the intended audience

List the constraints:

These are problems you might encounter or things you know you cannot do

You are going to produce an INITIAL DESIGN (or Version 1)

B.P2 Initial Design Tasks - 2

You will need to:

Look at 2 other websites for other web development companies

Look at how their sites are put together

Produce a storyboard:

How does a user go on their journey through your site?
